## Get involved in the School Banking program.

**West Leederville Primary School** is excited to offer the Commonwealth Bank School Banking program to all students.

School Banking is a fun, interactive and engaging way for young Australians to learn about money and develop good savings habits. Children who deposit money into their Youthsaver account through School Banking earn Dollarmites tokens, which they can save up and redeem for exciting rewards.

The rewards available during 2018 are:

- Twister Power Handball
- Secret Scratch Pad
- Sparkle Glitter Pens
- Glow Light
- Mighty Boom Handball
- Heat Reactor Pencils
- Slushie Maker Cup
- Zoom Flying Disc

School Banking is also a great fundraiser for our school. Our school receives a Regular Savers Contribution of \$5 for every 10 deposits processed per student as well as an Annual Contribution which is based on the number of students who made at least one School Banking deposit in the prior year.

### Getting involved in School Banking is easy!

All you need to get involved in the School Banking program is a Commonwealth Bank Youthsaver account. You can open an account for your child in one of two ways:

#### 1. Online

Visit [commbank.com.au/schoolbanking](http://commbank.com.au/schoolbanking) and click on the link to open a Youthsaver account.

#### 2. In branch

Visit a Commonwealth Bank branch with identification for yourself and your child, like a driver's licence and birth certificate.

If your child has an existing Commonwealth Bank Youthsaver account they can start banking straight away. They just need to bring their deposit in every week on School Banking day using their Dollarmites deposit wallet.

School Banking day is Monday from 8.30am in the school hall and commences for 2018 on Monday 26<sup>th</sup> February.

If you would like to know more about School Banking, please ask for a 2018 School Banking program information pack from the school office or visit [commbank.com.au/schoolbanking](http://commbank.com.au/schoolbanking)

## Hosting French Students in July (June/ July )

For the last 9 years a programme has been in place offering the opportunity to young French students aged 14-17 years to discover Australia and its education system.

We are looking for families willing to host students for the four weeks of their visit. They will travel to and from School with your children.

The purpose of the programme is for these French students to experience living with an Australian family, to see how an Australian school operates, to improve their English language skills through this full immersion and to create a strong friendship with their Anglophone peers. The programme is highly successful and both Australians and French students greatly enjoy the exchange. Many families still keep in touch with each other.

The students are fully briefed about the school rules, are not to leave the school premises and will attend classes daily. They will be fully covered by appropriate insurance.

Host families will be visited prior to the arrival by the organiser to explain the programme. We believe such an exchange is also highly beneficial for our Modern Languages students, opening their eyes (and ears!) to similarly minded students for an extended period.

Please contact **Martine Floyd**, email : [martine.floyd@iinet.net.au](mailto:martine.floyd@iinet.net.au) , mob : 0403 019 609 if you are interested in hosting.

# Understanding Stepfamily Relationships

*Are you...* a member of a stepfamily, or blended family?

*Do you...* want to strengthen the stepfamily relationships you possess, and learn to better discipline and understand the needs of children?

We, at Relationships Australia, appreciate that stepfamilies and blended families operate in a different way to intact biological families. ## *This weekend course will explore:*

- the proven strategies deemed helpful and unhelpful for stepfamilies;
- how to best grow a strong and loving couple relationship;
- how to manage discipline and understand the needs of children; and
- Having an opportunity to address particular issues within the group.
