AUTISM SPECTRIUM DISORDERS

**Rotary Cambridge Guest Speaker : Georgia Garratt, Clinical Lead
Autism Research Team, Telethonkids Institute**

The Autism Research Team at the Telethonkids Institute is investigating the genetic and neuro-developmental causes of Autism and language impairment, and is conducting clinical intervention trials into Autism Spectrum Disorders.

The Rotary Club of Cambridge is delighted that on Wednesday 30 May Speech Pathologist Georgia Garratt will be the guest speaker at the Club's second Schools' Programme talk of the 2018 academic year.

Georgia is Clinical Lead of the Telethonkids Institute's Autism Research Team which, lead by Professor Andrew Whitehouse, is seeking to discover new ways to identify Autism Spectrum Disorders as early as possible and to develop innovative methods to help children with Autism to reach their full potential.

Georgia holds a Master's Degree in Autism Studies – her research for her degree investigated inclusive education for students with Autism Spectrum Disorders. She has spent a number of years working alongside teachers to facilitate positive outcomes for students with Autism.

Details of this informative Rotary Club of Cambridge Schools' Programme talk are:

YOUR CHILD AND THE ONLINE WORLD

The online world has become a permanent part of our lives. The challenge for parents is to understand the benefits and pitfalls of children's technology use and to help them create balance in their lives. Your knowledge of what's out there, how it's being used and how you manage it in your home will have a direct impact on your kids' learning and safety.

Highlights of this session will include:

- Family conversation starters around technology
- Managing screen time
- Cyber bullying, predatory behaviours and safety
- Social media - how it works and control measures available
- How to maximise many good aspects of technology
- Staying safe in the online world
- How to keep yourself up to date with technology

Fee: \$30 per person
Time: 6.30pm - 9.00pm

SUCCESSFUL SINGLE PARENTING

Parenting alone is different in many ways compared to a two parent household and can have its difficulties and challenges.

Whatever the challenges it is important to live your life in ways that shows your children you are happy. This will help them accept and value their lifestyle.

If you are a single parent and are through that initial break-up stage this course will provide strategies that will help you develop a close and special relationship with your child.

Fee: \$30 per person

Emotion Coaching

Raising our children should be one of life's greatest experiences, but as every parent knows it can often be overwhelming.

Research indicates that developing the emotional competence of your child provides a 'secure' pathway to the development of Emotional Intelligence (E.Q. - believed to be a better predictor of success than Intelligence (I.Q.)).

This workshop is designed to introduce you to the art of Emotion Coaching which helps parents to be supportive of their child's emotional world and to value emotional connection and intimacy.

Participants will learn how to:

- Understand the different styles of parenting.
- Communicate with their child more effectively.
- Help their child identify and understand their emotions.
- Soothe and guide their child through their 'difficult' emotions.
- Understand the contribution of their own emotional world to their parenting.

Parenting After Separation

If it is managed well by the adults, separation doesn't have to be harmful for children. Research shows that what children need after their parents separate is a secure base with parents they trust and feel comforted by. Parents who can make room for thinking about their children's needs, apart from their own needs, can help their children adapt best to family separation.

This session looks at:

- Separation and the effects on you and your family
- Principles of two-home parenting
- Effects of ongoing conflict on children
- Managing parental conflict constructively
- Providing a secure emotional base for your children

The new childcare subsidy, and what it means for you

On the 2nd of July, the Australian Government will transition to a new Child Care Subsidy (CCS). This will replace the existing Childcare Rebate (CCR) and Childcare Benefit (CCB).

There are a number of key changes that families who rely on childcare before and/or after school need to know, including:

- Any benefit will be paid directly to child care providers (like Camp Australia), who will then only bill the 'gap' amount to families.
- There will continue to be hardship relief.
- For families earning less than \$186,958, there will no longer be an annual cap on the amount of subsidy you can receive. For families earning between \$186,958 and \$351,248, an increased annual subsidy cap of \$10,000 per child will apply each year.

If you'd like to know what percentage of your Childcare costs you can claim back through the Childcare Subsidy, check out the simple Family Childcare Subsidy Estimator at <https://www.education.gov.au/sites/education/files/chcare/est/index.html>

We look forward to seeing you and your family soon.
