SEMINARS - for WEST LEEDERVILLE PS PARENTS **Triple P – Positive Parenting Program**

Most parents have times when they find their children's behaviour challenging.

The Triple P – Positive Parenting Program is world's most effective parenting programs.

Developed by clinical psychologist Professor Sanders and his colleagues at the University Queensland, Triple P has been tested with of families through ongoing research over 30 years.

“Children who grow up with positive parenting are more likely to develop the skills they need to do well at school, build friendships, and feel good about themselves.”

Prof. Matt Sanders

more than

Triple P is designed to give parents the skills they need to raise confident, healthy children and to build stronger family relationships. Research has shown it works across cultures, socio-economic groups and in many different family structures.

Triple P doesn't tell people how to parent. Rather, it offers simple and practical strategies that parents can adapt to suit their own values, beliefs and needs. The benefits can be dramatic and long-lasting.

All West Leederville PS parents are invited to attend free a Triple P seminar in Term 4. Facilitated by our school psychologist Lauren Gabelich, and chaplain Corali Sala Tena the seminar will include a presentation and time for discussion and questions.

When: Monday 15th October 2018
Time: 9am – 11am
Venue: West Leederville Primary School
Meeting Room (next to staff room)
Cost: Free – however bookings are essential

For more information and to register online please visit <https://www.triplep-parenting.net.au/wa> (Click 'Find a Session')

Technologies Workshops

Teacher PD for primary and secondary school teachers

Join our full-day teacher professional development (PD) workshops in Ingham, QLD. Feel confident in building your own tech projects and delivering class activities. **No prior experience required!**

	<p>Monday, 8th October: Scratch & Makey Makey</p> <p>Learn to code using drag and drop coding blocks. Scratch is a great way for students in years 3-6 to explore the fundamentals of coding and build their own digital solutions including computer games, animations, interactive stories, music, and art. Makey Makey is an invention kit that integrates easily with Scratch to create your own hardware as part of a digital solution.</p> <p>Venue: Hinchinbrook Christian School</p>
---	---

	<p>Tuesday, 9th October: Python & Micro:bits</p> <p>Python is a high-level, general-purpose computer programming language. It has been used in many popular applications: YouTube, Google, Instagram, and Spotify. Learning to code with Python is a great place to start for any beginner. We will learn fundamentals and build a quiz game and text adventure game. We will explore Micro:bits, a tiny programmable computer with built in LEDs and accelerometer, and build simple digital projects. Projects built with Python and/or Micro:bits suit students in years 7-10. Micro:bit kits will be provided for use.</p> <p>Venue: Ingham State High School</p>

RELATIONSHIPS

Parenting One Moment at a Time

Workshop Overview:

Do you find yourself frazzled at the end of the day or even exhausted on waking?

Do you sometimes daydream about your single, child free days again?

This seminar will assist you to find peace in parenting and help you let go of expectations. Through discussion with other parents and short practical activities you will go away with some user friendly ways to bring yourself calm and awareness, so that you can make conscious choices about the way you parent, break unhelpful habits (often those learnt from our own parents) and find more joy in parenting.

Venue: Sambell Centre, 23 Adelaide Terrace
EAST PERTH

Dates: Wednesday 14th November 2018

Time: 6.15pm – 8.30pm

Cost: \$20.00 pp

BOOKINGS ARE ESSENTIAL

Education

Assertive Communication

Date: Wednesday 21 November 2018

Venue: Geoffrey Sambell Centre
23 Adelaide Terrace
EAST PERTH

Cost: \$20.00pp

Time: 6.15pm-8.30pm

BOOKINGS ARE ESSENTIAL

Workshop Overview:

Guarded, hostile or ineffective communication styles can disable relationships. Assertiveness is about maintaining your own rights without disrespecting the other person's rights. Learn the verbal skills to ask for what you want, say no when you need to and express your feelings.
