# MLC MASTERCLASS HOLIDAY PROGRAMME

**MLC**  
CLAREMONT

16—19 July 2019 | 9am—5pm

We have five fabulously unique winter-warmer topics for girls and boys aged eight and above to enjoy. We can't wait to share new learnings and friendships as our Masterclass family continues to grow—and we are so excited to offer the Drama Done Different course for the first time!

## FOUR-DAY PROGRAMME

Culminating in a showcase for parents on the final afternoon.

### NEW DRAMA DONE DIFFERENT MAKE YOUR OWN MEDUSA

(For safety reasons, participants must be 10 years or above)  
Delve into dramatic characterisation with Hollywood-trained makeup and costume designer KT Crocker. This is a unique opportunity to spend four special days immersed in design and creativity, letting the imagination run wild. Participants will learn the intricacies of stage makeup application and costume construction, engaging with hands-on hair, wig and costume design. KT will also give them valuable insight into the world of stage and screen.

### TWO-DAY PROGRAMME TWISTEEZ SCULPTURES WIRE GONE WILD

Two days to go 3D with visual artist Leigh Claessen. Transform your 2D design into a spectacular 3D sculpture, using wire, beads, buttons, feathers and so much more. Choose to take a representational or abstract approach, and enjoy a rare insight into the work of world-renowned sculptors. Enjoy every minute of twisting and tweaking to complete a masterpiece.

## MIX IT UP - DAILY OPTIONS

Please see timetable on following pages.

### SCIENCE pHUN SIGHT, SOUND, SPACE, ACIDS AND ERUPTIONS

(No previous science experience necessary)

Let MLC science sensations Beverley Brader and Danielle Wright take you on a journey of discovery in all things science. Grab a lab coat and safety glasses and take on the challenge of dissections, rockets, solar sails, acidic diffusions and more earth-shaking fun.

### MASTERCHEF WORLDWIDE WINTER WARMERS

(For safety reasons, participants must be 10 years or above)

If you're dreaming of a white Christmas, our chef explorer Brendon will lead you to gourmet greatness. Create French treats (beef bourguignonne and profiteroles), European favourites (shortbread and goulash), sticky date pud from Britain and southern sensations from the USA (mud cake and Cajun chicken).

### ART FEATHERED FRIENDS AND PHENOMENAL FLORAL

Visual artist Leigh Claessen enables participants to create fabulous feathered friends (flamingos and wide-eyed owls) using water colour with metallics and pastels. The bright and beautiful work of artist Jessica Breakwell will provide inspiration and evoke imagination.

Our phenomenal floral day takes an abstract approach—study flowers through view finders, look at their composition, use layering techniques, conquer colour selection and finish the day with a botanical beauty!

FOUR-DAY PROGRAMME  
**DRAMA DONE DIFFERENT \$500**  
  
TWO-DAY PROGRAMME  
**SCULPTURES \$220**

MIX IT UP DAILY OPTIONS  
**COOKING \$125 PER DAY**  
**ART \$110 PER DAY**  
**SCIENCE \$110 PER DAY**

## UWA School of Design: Pop-up Workshops July 2019

The School of Design welcomes secondary students to explore their love of design, architecture, landscape, fine arts, and history of art with our School of Design Pop-up workshops.

Workshops are suitable for high school students from Years 10-11, with additional workshops for younger participants aged 8-14 years.

**Ecological walk and create** (with Maria Ignatieva) Tuesday 9 July 2.00pm-5.00pm. For ages 15+ years

What big ideas and practical solutions do our cities need to be sustainable and attractive places for us in the future? Take part in this workshop to experience the key role of the landscape architect in designing our environments. The session will include a walk around the University campus. It will proceed in rain, but if thunderstorms are forecast this will be cancelled and refunded.

**Drawing Foundations: new ways of seeing** (with Andy Quilty) Wednesday 10 July 9.30am -12.00pm. For ages 8-14 years

Build a confident and intuitive approach to drawing. Award-winning artist Andy Quilty will help participants develop fundamental skills and explore new ways of seeing.

**Build Mega** (with Sophie Giles) Wednesday 10 July 1.00pm-3.00pm. For ages 8-14 years

Join architect Sophie Giles as we explore mega-scale architecture and engineering, building a dense 'city of the future' in two hours. The session will include rapid prototyping and model making across a range of materials to test the slenderness ratio and material properties in making tall structures. All materials are supplied.

**Experimental drawing: expanded approaches** (with Andy Quilty) Wednesday 10 July 1.00pm-4.30pm. For ages 15+ years

Explore the possibilities of what drawing can be through a range of experimental drawing processes including drawing extensions, sound drawing and multisensory figurative drawing.

**Independent Comic Art** (with Christopher Markle) Thursday 11 July 9.30am-1.00pm. For ages 15+ years

Telling a story is something everyone can do – visualising it is another thing altogether. This workshop will introduce the essentials to creating visual storytelling in a comic format.

### Location

**UWA School of Design**  
**Architecture, Corner of Clifton St and Stirling Highway, Nedlands, WA 6009**
