Rock and Water

For Parent and Child

Physical exercises are constantly linked with mental and social skills. The Rock and Water Program leads from simple self-defence, boundary and communication exercises to a strong notion of self-confidence. The program offers a framework of exercises and ideas to assist boys and girls aged between 8 and 14 years to become aware of the purpose and motivation in their life.

The following topics are discussed:

- Bullying
- Life goals
- Developing a positive self-image
- Communication skills
- Personal boundaries

The course teaches the following:

- Practical anti-bullying strategies
- Self-confidence, self-awareness and self-control
- An introduction to basic self-defence skills
- Communication skills and interpretation of body language cues
- Alternatives to aggressive verbal and physical responses to fear and doubt
- Thinking and being in control through grounding, centeredness and mental focus
- Boundary awareness

Facilitated by Craig Van Waardenburg (credited Rock and Water trainer) this family activity based program builds on the complementary strengths of 'the rock' and 'the water'. One is firm and assertive, while the other is flexible and willing to cooperate.

Note: Due to the nature of the activities, there is only room for one child per adult attending.

Where:	WEST LEEDERVILLE - Level 1, 22 Southport Street
