"little giants" Photography and Photoshop

In this short 3 week course we will be making a 'little giants' poster. Using photography, photoshop and some artistic flair, every student will be transformed into a giant in their own personalised piece of art. This image will then be finished by adding some hand-drawn text, and printed as a mini-poster to take home.

"pawfect painting" Pet Portraiture

Bring in a photo of your favourite furry friend or pampered pet to paint their portrait! In this course you will be learning about colour theory, paint mixing and techniques and composition. You will get to paint on a canvas to take home.
