SCHOOL COMMUNITY CODE OF CONDUCT

West Leederville Primary School encourages all staff, students and community members to take pride in themselves and their school. Our values of excellence, perseverance, courtesy, kindness and responsibility are central to all school pursuits and are fundamental to the behaviour expectations we have for parents and visitors.

PURPOSE

This School Community Code of Conduct applies to parents and visitors to our school. It outlines their responsibilities in contributing to the creation of a positive environment where our students can thrive. Positive relationships are at the core of an effective school and all strong relationships require shared understandings and expectations. This School Community Code of Conduct also aims to ensure the well-being of our whole school community; our staff, students, parents and visitors.
